A Journal of Duplicitous Doings,
Raw Power, and Naked Greed

"Oh, what a tangled web we weave
When first we practice to deceive!"
--Sir Walter Scott--

Vol IV, #10

DUNE STARTS

The six factions have been assembled and assigned. An epic struggle for control of the entire galaxy is about to unfold. Catch it on page 10.

And speaking of starting, the Fall semester has started already down here in Florida, so those of you who tend to phone in your orders, don't expect to find me in much before 10 PM on Tuesdays and Thursdays until mid-December.

Looks like "Boris V", "Greed is Good", and "1835A" could all finish in the next six issues or so. So sign up now for their replacements.

The rules for "Quantum Mechanical Diplomacy" appeared in the last issue of Lee Kendler's *Get Those Dots Now*. Looks like a hoot to play and a real headache to GM. Maybe I'll reprint the rules next time if I've got space. The basic idea is that a unit has only a 50% probability of being where you put it and a $(50/n)\%$ probability of being in one of the "n" adjacent areas. Thus a unit in TRL that is ordered to MUN has a 50% of being in MUN and a $(50/7) = 7.14\%$ chance of being in each of BER, BOH, BUR, KIE, RUH, SIL, and TRL. A lot of decimal dice are involved.

BORIS'S BULLETIN BOARD

THOUGHT FOR THE MONTH: "I have always depended on people being nicer than me, and I've never in my life been disappointed".

---Alcalde Esteban in *Zorro, the Gay Blade*

The Dude checked out of the postal GUNSLINGER game on Turn 7 having been shot in his best liver by the Gun Artist. Only Ike and the Artist are whole at this writing. Texas (our Scott Cameron) lies stunned and bleeding by the well. The Guard (Jack McHugh) NR'd out and was voted to have fallen off the board edge down into a canyon and to have suffered a presumably messy demise.

AvalonCon update: Chris Bodkin, the BG player in our DUNE game, won the KINGMAKER tournament. Mike Puffenberger ("Greed is Good", "16 Tons") placed 3rd in SPEED CIRCUIT when he spun out and crashed (2.78% chance) on the 2nd from last turn on the only dangerous dice roll he made. Those interested in starting a tournament at next year's AvalonCon should contact the Hill soonest as their first GFF's Newsletter goes out in October.

Don Chinnery's mother passed away last week in Ludington, MI. Boris and Ms Nar both send our heartfelt sympathies.

BOOS & KUDOS

This month's Madame Bolduc Press Excellence Award goes to Boris for his Cliffhorne dateline in "BORIS IV".

This month's Ms Nar Super-Sudsy Bomb goes unwarded.

A Personal Message(?):

DEADLINE FOR ALL GAMES IS NOON (CDT) 9 OCT 93

FRENCH SCUTTLED! WORMTONGUE STABS ITALY!

SPRING 1909

ERRATA: Several of those fleety brackets escaped again last season. Austrian [A Mos-StP] and English [A Nwy-StP] and [F Swe-Nwy] to be precise. The footnote to the Supply Center Chart incorrectly identified A WAR instead of A PRU as the retreating unit.

CLIFFHANGER--In an act of culinary snobbery unlikely to be matched anytime, the French fleet to a man opted to go down with their ships rather than have to drink Belgian wine. Now there are but four Powers left, and Wormtongue has begun the work of dismantling Italy by recapturing TRI, isolating SHY, threatening VEN, and being stood off in GRE. Nor did his expulsion from HUN do him much harm as the peripatetic army can retreat to the Kaiser's capital. Another head will roll in the Admiralty as F ENG was so enthralled with the French drama that it failed to receive a crucial order that cost the Empire POR. The loss may be temporary, as Conte Devoni has an immediate need of troops and fleets back home.

TROOP MOVEMENTS

Austrian A PRU retreated to WAR, French F ENG was unordered so was removed for failure to retreat; Germany retreats A HUN to KIE. France is out. Austria built A BUJ.

AUS (Frying): A Sev-Arm, A Tri-Pie, [A Ser-Gre], [A Mun-Ruh](r-???)^(nso), A Mos S A War-Lvn, A War-Lvn, A Bud-Tri, A Sil-Boh, [A Gal-Vie], [A Vie-Tri], F Con-Aeg, F Nat-Lpl(nau);
ENG (Shacklett): A Nwy-StP, F Bot S A Nwy-StP, [A Lvn S A Nwy-StP](r-???)^(nso), F Swe-Nwy, F Pru-Bol, [F Por S F Eng-Mid](d), [F Bre S F Eng-Mid], F Nth-Nrg, F Eng Hlu;
GER (J. Fisher): [A Par-Bur], A Boh-Mun, A Ruh S A Boh-Mun, A Ber-Sil, A Kie S A Boh-Mun;
ITA (Klausutis): A Gas S A Mar-Bur, A Mar-Bur, [A Ven-Tri], F Mid S F Spa(sc)-Por, F Nat S F Mid, F Spa(sc)-Por, [F Tyn-Wes], [F Ion-Gre], F Wes S F Mid.

Orders in brackets fail; d = destroyed due to lack of legal retreat, nso = unit not so ordered, otb = off the board, otm = unit on the move, r-??? unit must retreat, u = unordered. Austrian A HUN must retreat otb or to BER; English A LWN must retreat either otb or to PRU.

Due next time are orders for retreats and Fall 1909. Fall orders may be conditional on the retreats.

Note that Jason has migrated back to NC State.

EMBASSY BEAT

BUDAPEST--A day of mourning was declared by the Archduke due to the necessity of acquiring *Lebensraum* for the Austrian population. "With a 20% growth rate," he lamented, "what's an Empire to do... The French ticklers are certainly inadequate for controlling things." The Austrian government has also established a vigorous research program into latex rubbers for population control.

BORIS GALACTIC PRESS REVIEW

London Times--The orders for the Royal Eastern Expeditionary Forces received numerous setbacks from Whitehall mechanical failures. A convoy of three vehicles dispatched from the quarters of Lord One-Eyed encountered numerous breakdowns. The first vehicle proved to be incapable of starting from a broken fuel pump. The second vehicle developed a front wheel

SPAIN FALLS!!

ROME LIVES!

Spring 1909

Markwood--The Tudor King did the predictable, so SPA has fallen into his clutches but he made no progress in the East. Emperor Chuck is quickly running out of viable options as he is slowly being ground between the two juggernauts. Flapjack seems likd that his Italian army still exists; perhaps he is anxious to get onto other defeats elsewhere. The Tsar has consolidated his defences, it remains to be seen if he can convert to the offensive.

TROOP MOVEMENTS

England builds A LON, Russia builds A SEV and A WAR.

ENG (Morrison): [A Ber-Sil], A Bur S A Mun, [A Pru-War], [A Mun S A Ber-Sil], A Ruh S A Mun, A Lon H, [A Lvn S A Pru-War], [A StP-Mos], F Bel S A Lvn, F Nrg-Nth, [F Bot S A StP]otm, [F Swe-Den]nsu, F Den H(u), F Por-Spe(sc), F Kie-Hel, F Eng-Mid,

RUS (Shacklett): [A Sev-Mos], [A Mos-Lvn], [A War-Pru], [A Sil-Ber], [A Boh-Mun], A Tri S A Ven-Pie, A Ven-Pie, A Tus S A Ven-Pie, A Alb-Ser, A Apu S F Ion-Nap, [F Ion-Nap], F Aeg S F Adr-Ion, [F Adr-Ion].

Orders in brackets fail; d = unit destroyed due to lack of valid retreat; dup = duplicate order; imp = impossible; nsu = unit not so ordered; nsu = no such unit; otb = off the board; otm = unit on the move, r-??? = unit is dislodged and must retreat; u = unordered. French A PIE may retreat otb or to MAR.

Due next time are orders for the retreat and for Fall 1909. The latter may be conditional on the former.

EMBASSY BEAT

LONDON--Germany is now free of Russian interference, now the conquest of the Russian homeland can begin. The Northern Armies will converge on MOS and pluck this ripe fruit from the Russian tree. The next goal will be freedom for the oppressed people of Austria!! The Cossack murderers of the Pope will be destroyed!

LONDON--The governments of the Iberian Peninsula have invited the English fleets to free them from Bonaparte III's noxious minions. It was an easy victory!

VICHY--The Emperor Charles Napoleon was scheduled to make an announcement to the press today, but reporters only heard faint choking sounds emanating from the throne room.

CLASSIFIED

GPI-Flapper: Stand up and face Death squarely in the eye. It's not like you haven't faced elimination before (and remember, it's all Bwad's fault).

"Who can trust Jack anyway?"

RUSSIANS ROLL! TURKS CRUMBLE!

FALL 1903

WALL STREET JOURNAL--The pound was the big gainer this year with a surprising 50% gain in value while the ruble has gained 33.3%. The disdained dinar took the biggest hit, losing 75%, followed by the mark at 16.7%. The dinar's extinction looks likely unless the Sultan signs on as a Russian flunky to effectively give St Petersburg an extra fleet in the Med. Turkish prospects of controlling ANK next year are microscopic without the Tsar's clemency. Meanwhile a premature Austrian attack on their Germanic cousins has resulted in the sack of the Imperial capital and the relieving of pressure on the beleaguered French. Italy must now consider the possibility of Austrian, German, or Russo-Turkish raiders assailing her ancient cities.

TROOP MOVEMENTS

France retreated A MAR to GAS.

AUS (Vandine): A Rum-Bud, A Bul S RUS F Bld-Con, [A Hun H] (r-777), A Ser-Tri, F Aeg S RUS A Ank-Smy, F Gre-Ion;

ENG (McHugh): A Bel S F Hol, F Eng S A Bel, F Hol S A Bel, F Den H;

ITA (Cameron): [A Mar-Spa], A Naf H, F Lyo S A Mar-Spa, F Tyn-Tus, F Wes S A Mar-Spa;

RUS (Egtvedt): [A Ank-Smy], A Swe S ENG F Den, A Lvn-Pru, A Nwy S A Swe, F Bld-Con, F Bot-Bel;

TUR (Cohn): [F Eas-Smy], [F Smy-Con].

Orders in brackets fail; d = unit destroyed due to lack of valid retreat; imp = impossible; nso = unit not so ordered; nsu = no such unit; otb = off the board; otm = unit on the move, r-777 = unit is dislodged and must retreat, u = unordered. Austrian A HUN must retreat otb or to BOH, SIL, or TRL.

EMBASSY BEAT

BERLIN--While the Austrians spent the spring munchin' in München, the Germans are now waltzing thru Vienna and appear to have taken up residence. Coincident with the arrival of the Teutonic heroes, crowds of mädchen gathered in their most festive garb to cheer.

PARIS-ROME: Your useless attacks on SPA have led to your only allies destruction, your next. As I predicted you look like you play -- like a fool!

ST PETERSBURG--The Tsar announces the successful implementation of its "Greek Project" with the expulsion of the Turkish Sultanate from CON. The Greek Project, culminating with a Russian drive recreate the Byzantine Empire as initiated in 1478 by Grand Prince Ivan III. By returning the rule of double Eagle Easignia to CON, the Tsar is pleased to order celebratory services to be held in Hagia Sophia next month. Following the Patriarchal led Orthodox celebration, members of the Holy League are invited to participate in a Te Deum.

STELLAR CONQUEST

5th SPEAK

Things are bogging down. Flesh Gordon was delayed due to battles on Turns 22 and 24. Simon Wagstaff was also delayed due to a battle on Turn 22. These have all been settled. All three games are now running at the same pace.

In case you've forgotten, this is how we're handling battles. When we get a battle between corvettes or between corvettes and scouts or transports, we resolve the first round of combat and then report to the belligerents the outcome of Round 1. They are then expected to give "fight until... then retreat to..." type orders. Attackers should also specify if they wish to attack any colony if victorious and what to do in the face of defending missile bases, and whether to blast any captured colony or to retain them as slaves. In the case of several corvettes attacking a mixed force of corvettes and fighters, or of fighters and death stars and fighters, we request targeting instructions for Round 1 also. If we have standing orders (and I can find them), we'll use those. Now the game is halted for all players pending resolution of that battle. If you take the full three weeks to send in combat orders for a Turn 25 battle, any Turn 26, etc battles will not be announced until next time and we drag on at a turn a month for the next two years.

What to do about it. We could separate the SC games entirely from BORIS and try to run them on a two-week cycle, charging a game fee to cover the extra postage. We could accept only e-mail, local, or collect phone call players. We could make yet another appeal for you all to mail early. Comments?

Oh, yeah. How many of you out there would really play COSMIC STELLAR CONQUEST?

Due soonest are:

FLESH GORDON--Turn 24 Production and Movement for Turns 25-28.

SIMON WAGSTAFF--Turn 24 Production and Movement for Turns 25-28.

GOLAN TREVIZE--Turn 24 Production and Movement for Turns 25-28.

Your latest results should already have arrived. If they haven't, you are probably awaiting the result of a battle elsewhere.

PRESS:

The Cylon Empire is born! Our scouts are going far and wide to seek new planets to conquer. Any who resist will be destroyed. We have already conquered three planets and more will submit. Soon our ultimate weapon--our first base star will be completed and the Galaxy will tremble.

An emergency beacon from our scout going to the Mote was received on subspace radio. It indicated that it was under attack but suddenly ceased. A warning to all colonies has been issued to be aware of possible hostile forces in that area and avoid any contact if possible. A negotiate team will be available at the next contact.

The Spider swings/dodges T6/4 while Sir Jordan, still equipped with the Gloves of Strength, thrusts T4 and charges H6. Both miss.

Sir Jordan thrusts T4 and charges H4** and the Spider repeats its dance. Sir J fatigues a H5* chit.

Sir Jordan again thrusts T4 and charges H6; the Spider also thrusts T6 and charges 4 to impale itself on the good Knight's H Sword. Sir J earns 3F & 3N.

Scithr declines the Challenge (-5F) and remains hidden; however during the encounter step of the first combat round, he breaks concealment and casts FIERY BLAST at his tormentors (or rather their steeds), catching the Lancers unprepared. The BLAST kills all their horses (Rule 43.1).

Afoot the Lancers group to attack but are fricassed by another FIERY BLAST. Scithr gains 40N and 8G while fatiguing all his MAGIC IV chits. The Lancers' spears and treasures are abandoned.

THE BOURSE

RUBLE SOARS, DINAR CRASHES!

FALL 1903

The Bourse is a game of foreign exchange. Each player starts out with \$1000 American and can invest it in the currencies of the European Great Powers. Each unit of European currency costs its current number of supply centers in dollars. This game is pegged to the results of BORIS VI (on page 4). The game is open to all but players in BORIS VI. Players can buy and sell currencies freely except after a Spring turn (the Bourse is closed to prevent panic selling and rampant speculation). Of course the player with the best net worth at game's end will be the winner.

LAST SEASON'S ERRATA

RVE sold 153 Kroner and held the dollars. WMMNM didn't have the 20 kroners to sell as they somehow migrated from NEWBOT's line a few months ago, so WMMNM could only buy 1 lire; he still has 40 francs. PRB could only get 33, not 41 lire. CCH has 13 and 266 lire.

THIS SEASON'S RESULTS

bearing overheat shortly after departing the residence. The third vehicle, already dispatched, was recalled to obtain parts for the other two, completely ignoring the importance. In the subaltern's defense, the orders were sealed and he assumed they were routine. Sabotage has been suspected but unproven at this point.

Klendathu Klarion--The Chief Bug has declared a standdown from DEFCON 1 to DEFCON 5 now that the summer campaign season has passed with no sighting of MI forces believed to be under the command of 2LT J. Fisher, MI. Brain Klikutitt believes the Terran force to be lost in space somewhere near Egrix.

--BORIS VI (Continued from Page 4)

ST PETERSBURG--The Foreign Office announces that the Tsar has agreed to comply with last stated request of the Kaiser's Government. By occupying PRU and its adjoining waters, the Tsar will establish order in this otherwise troubled land.

BORIS WORLD PRESS REVIEW

Sevastopol Postskiya--Highly placed government officials have confirmed the

distence of a foreign office effort to destabilize the "Satanic Government" of the Turkish Emir, Sultan Martin Attaboy. Unbeknownst to the Sultan, his harem was long been under the control of tsarist officials. The same source goes on to say that the current Turkish Chief of Staff, Fatima Attaboy, was the master at Russia's efforts in Turkey. In other news, the Chancellor has announced establishment of the first new duchy in Anatolia. The Duchess of the Golden Horn was announced as being Fatima (Attaboy) Hazepps, a niece of the Onieper Cossack Hetmann Hazepps.
